This presentation contains forward-looking statements and information. Additional information on factors that could cause results to differ materially from those projected in this presentation is available in the 2015 Form 10-K, in our most recent earnings release, and at the end of these slides. These materials are available on our website, www.allstateinvestors.com, under the “Financials” link.

This presentation also contains some non-GAAP measures. You can find the reconciliation of those measures to GAAP measures within our most recent earnings release and investor supplement. These materials are available on our website, www.allstateinvestors.com, under the “Financials” link.
Allstate Reports Lower First Quarter Income on Catastrophe Losses

- Net Income applicable to common shareholders of $217 million, $0.57 per share
- Operating Income of $322 million, $0.84 per share
- Property-Liability underlying combined ratio was 87.2; underlying auto profitability improved in all three underwritten brands from fourth quarter 2015
- Allstate brand homeowners’ insurance had a recorded combined ratio of 93.4 for first quarter and 82.3 over the trailing twelve months
- Total return on investment portfolio was 2.0% for the quarter and 1.3% over the trailing twelve months
- Board authorized a new $1.5 billion share repurchase program

Progress on Five Operating Priorities

- Better serve our customers through innovation, effectiveness and efficiency
- Achieve target economic returns on capital
- Grow insurance policies in force
- Proactively manage investments
- Build and acquire long-term growth platforms
Underlying Auto Profitability Improves While Homeowners Remains Strong

Allstate Earnings Conference Call Presentation: May 5, 2016
Progress Continues on Auto Insurance Profit Improvement Plan

- Auto insurance rate increases of $335 million approved across all three underwriting brands in Q1 2016
- Underwriting guideline changes intended to slow new business and target underperforming segments
  - Guidelines can be modified as states achieve acceptable returns
- Claims organization focused on operational excellence
- Expense spending reductions resulted in a 1.7 point lower property-liability expense ratio in Q1 compared to Q1 2015
  - New marketing campaigns for Allstate and Esurance brands to be launched

Forward-Looking Statements

This presentation contains “forward-looking statements” that anticipate results based on our estimates, assumptions and plans that are subject to uncertainty. These statements are made subject to the safe-harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements do not relate strictly to historical or current facts and may be identified by their use of words like “plans,” “seeks,” “expects,” “will,” “should,” “anticipates,” “estimates,” “intends,” “believes,” “likely,” “targets” and other words with similar meanings. We believe these statements are based on reasonable estimates, assumptions and plans. However, if the estimates, assumptions or plans underlying the forward-looking statements prove inaccurate or if other risks or uncertainties arise, actual results could differ materially from those communicated in these forward-looking statements. Factors that could cause actual results to differ materially from those expressed in, or implied by, the forward-looking statements include risks related to: (1) adverse changes in the nature and level of catastrophes and severe weather events; (2) impacts of catastrophe management strategy on premium growth; (3) unexpected increases in the frequency or severity of claims; (4) regulatory changes, including limitations on rate increases and requirements to underwrite business and participate in loss sharing arrangements; (5) market convergence and regulatory changes on our risk segmentation and pricing; (6) the cyclical nature of the property and casualty business; (7) reestimates of reserves for claims; (8) adverse legal determinations regarding discontinued product lines and other legal and regulatory actions; (9) changes in underwriting and actual experience; (10) changes in reserve estimates for life-contingent contract benefits payable; (11) the influence of changes in market interest rates on spread-based products; (12) changes in estimates of profitability on interest-sensitive life products; (13) reducing our concentration in spread-based business and exiting certain distribution channels; (14) changes in tax laws; (15) our ability to mitigate the capital impact associated with life insurance statutory reserving requirements; (16) operational issues relating to a decline in Lincoln Benefit Life Company’s financial strength ratings; (17) market risk and declines in credit quality relating to our investment portfolio; (18) our subjective determination of the fair value of our fixed income and equity securities and the amount of realized capital losses recorded for impairments of our investments; (19) competition in the insurance industry; (20) conditions in the global economy and capital markets; (21) losses from legal and regulatory actions; (22) restrictive regulation and regulatory reforms; (23) the availability of reinsurance at current levels and prices; (24) credit risk of our reinsurers; (25) a downgrade in our financial strength ratings; (26) the effect of adverse capital and credit market conditions; (27) failure in cyber or other information security; (28) the impact of a large scale pandemic, the threat or incurrence of terrorism or military action; (29) possible impairments in the value of goodwill; (30) changes in accounting standards; (31) the realization of deferred tax assets; (32) restrictions on our subsidiaries’ ability to pay dividends; (33) restrictions under the terms of certain of our securities on our ability to pay dividends or repurchase our stock; (34) changing climate and weather conditions; (35) loss of key vendor relationships or failure of a vendor to protect confidential and proprietary information; and (36) failure to protect intellectual property. Additional information concerning these and other factors may be found in our filings with the Securities and Exchange Commission, including the “Risk Factors” section in our most recent Annual Report on Form 10-K. Forward-looking statements speak only as of the date on which they are made, and we assume no obligation to update or revise any forward-looking statement.
